System Lab

1. The opportunity to serve your country and help preserve our American way of life
2. Exciting and challenging work utilizing state-of-the-art tools and equipment in state-of-the-art facilities at a "World Class" advanced testing center
3. Great job benefits such as generous leave and holidays, numerous outstanding insurance plan options, a retirement plan with eligibility starting at age 57, paid overtime, payment for a portion of your moving expenses, Credit Union Membership, etc.
4. Advanced educational opportunities that include tuition and course scheduling assistance at any one of the 11 local colleges and/or universities
5. Good promotional opportunities for degreed engineers that enable you to progress quickly to a "project/working level" engineer grade of GS-12
6. A great organization that places people first, provides a comfortable working atmosphere, and encourages open communication

Reason to Join RTTC

Apply for a Job

7. Flexible work schedules that include flexible daily hours and alternate work schedules that permit one Friday off every two weeks
8. Job security – you will be part of a small team (150+ personnel) of key RTTC government personnel that have historically enjoyed an exceptionally stable "work history" with no layoffs in the last 25 years
9. Several employment options include full time, Co-op programs, and summer intern programs
10. Location, Location, Location – we are one of the South's top "High Tech" communities, home of the U.S Space and Rocket Center and the Marshall Space Flight Center. The area boasts a very favorable cost of living index, with housing being especially affordable. Our location is in close proximity to mountains, lakes, rivers, golf courses, etc.
